DATE MAILED: 11/26/2008

Please find below and/or attached an Office communication concerning this application or proceeding.

Item 10 (Continued): The pasted search notes and patents in the Arguments section constitute new evidence, yet they are not listed in Evidence appendix with a statement of where such evidence was first entered by Examiner. It is Examiner's position that such evidence has never been entered by Examiner and therefore constitutes new evidence, which is not permitted in an Appeal Brief. Hence, the new evidence and any arguments directed to the new evidence should be deleted from the Appeal Brief. Further, it is noted that Section IV is not a concise statement of the status of amendments filed after final-rejection and should recite that no amendments were filed after the last final rejection; and the section headings under Section VII Argument should correspond to the section headings under Section VII Grounds of Rejection.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Monique R. Jackson whose telephone number is 571-272-1508. The examiner can normally be reached on Mondays-Thursdays, 10:00AM-5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rena Dye can be reached on 571-272-3186. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
